Staring into space, my mind's in a cloud
Something's got a hold on me, and I'm crying out loud
Then I wake up from a dream and call your name
Your memory's not the same

Two hearts on fire burn brighter than one
Two hearts on fire burn brighter than one
My love's desire, but your love is on the run
(Remember) two hearts on fire burn brighter than one

I hear voices speak, "Don't let her slip away"
Baby I didn't realize what you were trying to say
But now I've opened up my eyes to love that's really t
But if you don't come back home, baby
I don't know what I'm gonna do

[Chorus]

Night has fallen, again I'm alone
And I'm feeling so afraid you love I'll never own
Then from out of the darkness, feel my love light shine
If I can make you see it, I can leave these blues behind
(Remember)

[Chorus]
