Yeah my baby she left me cuz' I wouldn't lay my guitar
down

Yeah my baby she left me cuz' I wouldn't lay my guitar
down

Ever since she been gone I been rockin' from town to
town

Yeah I left my home and made it out to LA town

Yeah I left my home and made it out to LA town

I made a stop in Memphis, really had to get on down

Pretty women come to see me cuz' they say they like
my guitar sound

Pretty women come to see me, say they like my guitar
sound

You know they lookin' so good, I feel like goin'
downtown

Yeah My baby she left me cuz' I wouldn't lay my guitar
down

Yeah My baby she left me, wouldn't lay my guitar down

Ever since she left me I been rockin' from town to town

Yeah wouldn't lay my guitar

Yeah I wouldn't lay my guitar down

Ever she gone I been rockin' from town to town
