People say I care too much  
I'm so emotional  
A tender soul who's out of control  
I've been told a heart like mine  
Is truly valuable  
Even more than diamonds and gold  
I'm overloaded with love  
I've been saving up  
For someone else who can't get enough  
I must have a ten pound heart

A ton of devotion and gallons of tears  
An old flame still burning  
From my nineteenth year  
Exploding with passion  
Raging romance  
Urging me consistently to take one more chance  
Let this love inside of me start  
Flowing from my ten pound heart

I need someone adventurous  
This is serious  
Timid hearted need not apply  
Faithful and available  
With some experience  
In handling heavy desire  
So now if I've described you  
And you need someone who  
Can share your dreams and make them come true  
Look inside my ten pound heart

A ton of devotion and gallons of tears  
An old flame still burning  
From my nineteenth year  
Exploding with passion  
Raging romance  
Urging me consistently to take one more chance  
Let this love inside of me start  
Flowing from my ten pound heart

A ton of devotion and gallons of tears  
An old flame stil burning  
From my nineteenth year  
Exploding with passion  
Raging romance  
Urging me consistently to take one more chance  
Let this love inside of me start  
Flowing from my ten pound heart

Please won't you help this love inside of me start  
Flowing from my ten pound heart
