(Verse 1)

Well along comes Mary other side of the road,  
She was looking so scary, then she turns to me so I  
start to run

Well I reach this lorry so I jump right in,  
And to my surprise, my look has changed and I've  
start to win

My look has changed and I've start to win

(Bridge)

And now, I don't feel I'm on my own

And now, I don't feel I'm on my own

(Chorus)

Hey Mary! Hey Mary why you catching me?

Hey Mary! Hey Mary why can't you see?

(Verse 2)

Well along comes Mary she's catching me up  
So I put my foot down

But that, that won't stop her coz she's coming along  
She took all my money she took all I own

Well I'll never marry Mary

You're bringing me down well I just want you to know  
Yeah you're bringing me down well I just want you to  
know

(Bridge)

And now, I don't feel I'm on my own

And now, I don't feel I'm on my own

(Chorus) (x2)

Hey Mary! Hey Mary why you catching me?

Hey Mary! Hey Mary why can't you see?

Na na na na na (x8)

Hey hey hey
