Close your eyes and count to 10
My mouth has spoken without asking my mind again
For the second time today
I've dug a hole that I must fill with an apology

But now it's far too late
Voices declare that they
Will not negotiate

They talk of pride before a fall
Not every battle is critical to win a war
Tomorrow I know I'll agree
But now the stronghold has taken control of me

And now it's far too late
Voices declare that they
Will not negotiate

Reasoning has been lost
Somewhere along the way
You have made your mistake

Close your eyes
Count to 10
Close your eyes and count to 10

Close your eyes
Count to 10
Close your eyes and count to 10

Tonight I feel I'm going to be
Throwing punches with far too much honesty
Throwing punches just because
We've come this far there's no way I'm giving up

And now it's far too late
Voices declare that they
Will not negotiate

Reasoning has been lost
Somewhere along the way

You have made your mistake

Close your eyes
Count to 10
Close your eyes and count to 10

Close your eyes
Count to 10
Close your eyes and count to 10

Close your eyes
Count to 10
Close your eyes and count to 10

Close your eyes
Count to 10
Close your eyes and count to 10
