The lights they start to flicker movin' in the sky  
And the lips with their lipstick lickin' seem to pass me  
by, oh my  
The big boy with the headlight glare says we're tellin'  
lies  
And I know we're in for it  
When I see my good friend Johnny go and smack him  
right between the eyes  
But the thoughts of you in my mind knows I'm never  
gonna go wrong  
Cause you and me both, we're singing the same song  
I can tell by the look in your eye that we're never gonna  
go wrong  
We'll go on and on and on...
