(lew bakey)

Another friday night down lover's lane  
Windows are foggin' and she's feelin' faint  
Comes up for air and tells him hold your horses  
Askin' is this love he says of course it is

She says I'm talkin' about the real thing  
Thick or thin, all weather last forever  
Non cheatin', promise keepin', leave me never, stay  
together  
Filthy rich or flat broke, laugh at all my daddy's jokes  
Hold me when I need to cry, love me till the day you die  
With every beat of your heart, without a shadow of  
doubt  
That's the kind of love that I'm talking about

He starts to laugh and says I should have known  
She starts to cry and says just take me home  
Shows her the ring and says hold your horses  
She says is that real? he says of course it is

He says I'm talking about the real thing  
Thick or thin, all weather last forever  
Non cheatin', promise keepin', leave you never, stay  
together  
Filthy rich or flat broke, laugh at all your daddy's jokes  
Hold you when you need to cry, love you till the day I  
die  
With every beat of my heart, without a shadow of doubt  
That's the kinda love that I'm talkin' about

So, they set the date and by the first of june  
They're surrounded by chiffon and sayin' I do  
In a sweet little chapel at the top of the hill  
Is is gonna last, well of course it will

She says I'm talkin' about the real thing  
Thick or thin, all weather last forever  
Non cheatin', promise keepin', leave me never, stay  
together  
Filthy rich or flat broke, laugh at all my daddy's jokes

Hold me when I need to cry, love me till the day you die  
With every beat of your heart, without a shadow of  
doubt  
That's the kind of love that I'm talking about
