you're a delightful distraction
and I can't stop this attraction
whenever you're around
I can't help but to stare

so let's make this forever
cause i'd follow you wherever
so let's make this forever now

and i've seen many days in my life
but none have been as beautiful as today

you're a promiscuous problem
and only your love will solve them
whenever you walk by
I feel a surge and sigh

so let's make this forever
cause' i'd follow you wherever
so let's make this forever now
and i've seen many days in my life
but none have been as beautiful as today, today

and i've seen many days in my life
but none have been as beautiful as today (x3)

you're a delightful distraction
and I cant stop this attraction
so let's make this forever (you're a promiscuous
problem)
cause' i'd follow you wherever
so lets make this forever now (and only your love will
solve them)

and i've seen many days in my life
but none have been as beautiful as today
