All this time that she's been away  
He will not forget (he will not forget)  
And in her note it read  
I will not forgive (she will not forgive)

He is unsettled because he can't understand  
Well how many times do picture frames cover with dust  
and hide away  
Because he whispered your name

She's sorry that this can't work out now because he  
ruined it

And were the words wrong  
Should they keep holding on

Hold on  
There's more to life than empty hands  
Broken promises  
And failed plans  
Let go (let go) she won't show you any pity  
She'll live her life in the city  
That blond haired girl who took away your dignity

Why is he waiting  
When she's not coming back  
Well how many times did he call her leaving messages  
for her to return  
For her to return

She's sorry that this can't work out now because he  
ruined it

And were the words wrong  
Should they keep holding on  
Hold on  
There's more to life than empty hands  
Broken promises and failed plans  
Let go (let go) she won't show you any pity  
She'll live her life in the city  
That blond haired girl who took away your dignity

Hold on (and were the words wrong)  
Hold on (should they keep holding on)
