I'm sorry that everything I said was out of key
And everytime that I looked at you I couldn't see
So let's slow down (so let's slow down)
So let's slow down (so let's slow down)

Slow down we're moving way too fast for safety
And I'm talking way to, way too slow to hate me
And I can see you smiling back at me through all the
darkness and misery
Slow down please slow down
Slow down please slow down

So let's go
Let's get out of this place we call home
So let's go
I can see what you're doing to me
So let's slow down (so let's slow down)
So let's slow down (so let's slow down)

Slow down we're moving way too fast for safety
And I'm talking way to, way too slow to hate me
And I can see you smiling back at me through all the
darkness and misery
Slow down please slow down
Slow down please slow down
