I heard them say that if you are in love you might go
mad

What do you think of bein alone instead?
A friend of mine who broke his spine a thousand times
Would leave the ground or somehow break his head

I guess I thought I could never feel the things I fell
I guess I thought I knew myself so well

Now did you say that if you are in love you might go
mad
You haven't seen me live without it

But I'll be
In love with love again
And I'm gonna be
In love with love again

I know if you are not in love you're not alive
At least I think or so it seems to me
And though I closed my eyes I heard it said
Love likes to kill you when you're already dead

I guess I thought I could never feel the things I fell
I guess I thought I knew myself so well

And I know if you are not in love you're not alive
Love likes to kill and I like being killed

But I'll be
In love with love again
And I'm gonna be
In love with love again

For maybe this time I'll rise to stand
Be woman enough to be a man
For maybe this time I'll break in two
Or make it through

I know that nothing stays the same and try again
And sure I'll trade a shower for a bath
I know if you are not in love you might go mad

I know myself
