Grab our skins

And just rip'em - if you want

You cannot scratch

What's underneath

Take my chance

And just keep it - if you want

That will not help you

Breath easier

We are nothing but you

For what we have is what we got

And it's too much for you to touch

What we have is too much

For you to even touch

So you think

We will stumble or we'll fall

At least we have

The chance to fall

We are nothing but you

For what we have is what we got

And it's too much for you to touch

What we have is too much

For you to even touch

I will run naked but will be the same

Though you need me to be oh so vulnerable

Wear my naughties just like beauty queens

Wear Armani fleece...

For what we have is what we got

And it's too much for you to touch

What we have is too much

For you to even touch
