Blackhorned blasphemy  
Mother of the soiled  
Spit and piss in the holy wine  
And drink their blood

Slashing their skin  
Biting their flesh  
Through hellish iconoclasm

You destroy...  
And burn...

The void is all you want  
Blackhorned vision of purity  
Death, sin, crumbling disbelief  
Check and pulverize human's heart...

No one is spared  
Rape, desecrate, profanhate, soil  
All fucking crucifixes are turning  
Upside down...

Blackhorned Blasphemy...
