Forsaken withered world  
Fed on uncontrolled rage  
Devilish wits  
Swarm like worms in the cadaver

Demonic legions  
Of lunatic spirits  
Succumb to the call of the moon  
Using the second side of the mirror

Thy others selfs  
The night's own  
Awaiting the afterglow  
The children of the underworld

Going on prowl  
Like packs of wolf  
From dusk till dawn  
Seeking weakened victims

Devolved bloodline of the undivided horde  
Only the noblest strength must survive  
No shelter in the dark, no escape  
No shining light to run away from death desire

Frightened preys  
Are savagely killed  
Trapped in this perfidious ambush  
Trapped in this macabre masquerade

Regulators of human species  
Flesh hunger leads your instinct  
Predators of the predators  
The heathen blood flows in your veins

Disfigured faces  
Shredded bodies  
Greedy knives claws and teeth of the night  
Stabbing and ripping the skins  
Bathing and drinking  
In the unpure corporal fluids  
Breeding the elite of the occult legacy
