I think I need someone, someone like you  
To get on when I'm slowin' down  
The things that you believe sound good to me  
& I believe love can still be found  
There never was a night like this  
There's so much magic in your kiss  
Now I want you close to me  
You're just what I've been lookin' for  
Girl, you're just what I've been lookin' for  
I'm ready to go with you; I never felt close like this  
before  
Just bein' alone with you makes me want you more

("Doo doo doo" scat singing)

You know it's hard to find someone like you  
To light the way when the day's gone  
I know that I can do somethin' for you  
& have no doubt love will turn us on  
I've never had a love like this  
It's growin' stronger with each kiss  
Now I want you close to me  
Oh darlin', you're just what I've been lookin' for  
Hey girl, you're just what I've been lookin' for  
All ready to go with me; I never felt close like this  
before  
Just bein' alone with you makes me want you more

("Doo doo doo" scat singing)

(repeat & fade):

Girl, you're just what I've been lookin' for
