(backup scat "she-bop-she-bop bop bop" heard during verses)

My best friend told me the other day, yeah  
That my love has found, found somebody new  
I said he was lyin' & he was bein' very cruel  
Because we're (we're true lovers) wo wo yeah  
(We're true lovers) wo wo yeah  
(We're true lovers) Are we?

I couldn't believe what my friend said, yeah  
For how, how was he to know?  
He seemed so very sure of himself, but how, how could it be?  
Because we're (we're true lovers) wo wo yeah  
(We're true lovers) wo wo yeah  
(We're true lovers) Are we?

Bridge (backed by scat "sha la la"):  
We planned so many things for the future  
& that, that we'd be married soon  
But now our love, our love has ended  
& there's nothing, nothing I can do, wo wo yeah

Now it's all over, love's at an end, yeah  
Oh yes, she was with my best friend  
Our love is over, yes our love is out the door  
& now we're...

(repeat & fade):  
(We're true lovers) no no no more
