We pick things up quite easy
I clean my phrases so you'll stay
Sticky stories you are leading
Kindly to next phase

Yeah whatever you have been through
Don't tell me everything today
First we were in a conflict
Now we are in a phase
That is gently moving to
Making room and finding space
To distinguish love from flirt
You got to check out where's the dirt

I clean my sheets so you can stay
Sticky stories you are leaving
Kindly for next phase

Yeah whatever you have been through
Don't tell me everything today
First we where in a conflict
Now we are in a place
That is gently moving to
Making room and finding space
To distinguish love from flirt
You got to check out where's the dirt
