So I'm hanging with Dan
He's like a girl
Who answers the phone
With the highest voice he can reach
He gets close
Giving me looks
And asks about my girl
And whether the flavors go up

So if you like it, and you like it, then you clap
So if you like it, and you like it, then you clap clap
Tells me I'm cool, and does it with style
So if you like it, if you like it then just smile

Are you ready for the new track?
With you I'm not that physical
Let's drink beers, enjoy the kickback
With you I'm not that physical

So Dan leads his life
Unstructured and fresh
He's moved by the thought
Of all the good times he can have
He gets close
A view as a friend
A message from God
That he does not understand

If you like it, and you like it, then you clap
So if you like it, and you like it, then you clap clap
Tells me I'm cool, and does it with style
So if you like it, if you like it then just smile smile

Are you ready for the new track?
With you I'm not that physical
Let's drink beers, enjoy the kickback
With you I'm not that physical

Are you ready for the new track?
With you I'm not that physical
Let's drink beers, enjoy the kickback
With you I'm not that physical
