we don't really care
don't give a damn about our time
we don't really mind
as long as we're on the side

oh yeah we should've seen it coming fucking miles
ahead
you know that history repeats itself over again
oh yeah we should've seen it coming fucking miles
ahead
you know that history repeats itself over again

Feelings explode
Feelings explode
Feelings explode
Feelings explode

i'm coming from a contray
painted, treated easily
come and visit us for the daily news oh
now don't give a shit about what happens
cause we're memoired we're peace
life's so quiet, so quiet, i want to scream

Feelings explode
Feelings explode
Feelings explode
Love explodes

Feelings explode
Feelings explode
Feelings explode
The world explodes

we should've seen it coming fucking miles ahead
you know that history repeats itself over again
how can we sleep we gotta do all we should
eight thousand people killed out as a judged flue

Feelings explode
Feelings explode

Feelings explode
Love explodes

Feelings explode
Feelings explode
Feelings explode
The world explodes
