You gave me room today
You gave me a second chance today
I give trouble on a growing list
All the phrasing stride make them all sound right
Many words and zero risk

Here comes the second blow
I totally forgot that I love you so
And now all that is left is room for you to leave

Funny the circumstance
A motel in LA on a phony dance
Yeah sure all that is left is room for you to leave

Here comes the second blow
Totally forgot that I love you so
And now all that is left is room for you to leave

Funny the circumstance
A motel in LA on a phony dance
Yeah sure all that is left is room for you to leave

Winter morning breeze
The country so quiet
That it leaves space for everyone to wake

For a year I tried to keep it all inside
I did

Many words and zero risk

Here comes the second blow
Totally forgot that I love you so
And now all that is left is room for you to leave

(Damn...)
(Damn...)
(Damn!)

Funny the circumstance
A motel in LA on a phony dance
Yeah sure all that is left is room for you to leave
