As soon as you have walked away from me  
It was almost like my world had die  
You're a Falling' angel in my eyes  
And I wanted you to see  
All the visions and the memory  
Of the poet in the rain who cries  
Of the different kind of pain tonight?

### CHORUS

If I close my eyes tonight  
Would you be standing in the rain?  
Trenched In love and lie  
To stand and see you second time  
Took a picture of you in my mind  
Broken with my heart  
Just in case you wanted to  
Remember us tonight

If I could paint the world to show you love  
How I think the things would be tonight  
I would paint the sky a different light  
In the shade of broken dreams  
All the while who stand to tell the lies?  
That everything all right tonight  
That I don't know what's wrong (chorus)

You wanted the sun to rise  
You needed someone else to find you  
You wanted the sun to rise  
You needed everything, everything
