V1) You said I don't know you
Apart or any different
But I will stand up for what's right.
You said I don't love you
How did we ever get this far?
We will never know what's right.

Prech) And there's always something I will know
remains
That love was so much stronger then...

Ch) Take time
To think about us now
You're not the only one tonight.
Our memories will find you
Sleeping in his arms tonight
Downtown
The city lights burn on
And shine much brighter than last night
Our memories will find you...

V2) You said I would argue
About the things I'd never know.
Right here by my side
Were things I could tell you
Of love that I would never see
But I saw it all tonight

Prech) And there's always something I will know
remains
That love was so much stronger then...

Ch) Take time
To think about us now
You're not the only one tonight.
Our memories will find you
Sleeping in his arms tonight
Downtown
The city lights burn on
And shine much brighter than last night
Our memories will find you...uuhh

Will find you
will find you

Prech) And there's always something I will know
remains
That love was so much stronger then...

Ch) Take time
To think about us now
You're not the only one tonight.
Our memories will find you
Sleeping in his arms tonight
Downtown
The city lights burn on
And shine much brighter than last night
Our memories will find you...uuhh

Outro) Think about us now...oooh
Our memories will find you...
The city lights burn on and shine a brighter light
Are you ready for tonight? Are you ready for tonight?
