"Ploi de Mai"

Fiecare zi la fel parca trece
Un alt drum si la capat un alt hotel
Dar tu imi dai aripi sa pot zbura...
Fiecare noapte parca-i mai rece
Cand luminile se sting, ma sting la fel
Dar tu ma ajuti sa mai pot visa...

Refren:

Numai tu, numai tu imi mangai inima
Ca ploile de mai!
Numai tu, numai tu imi aduci linistea
Esti coltul meu de rai!

2.

Every wind wants to teach me
That every sunny day can change
And that it's possible that even you will forget me
Every rain wants to drown me
Again when the clouds hide my star to
Maybe you won't see it anymore either

Orice ploaie o pot opri
Cat ma vei iubi!
Orice iarna o pot topi
Cat cu mine vei fi!
