Bubbling and festering, cerebral puss, oozing out from  
your karrion Infectious desease, gangrenous spew  
expulsion of  
Impracating excrement God is getting rid of all the sin  
in your life He's cleaning up your body and cleaning up  
your life  
Pyrexial malignancy festering from your heart  
Cataractic tumor seeps from your eyes Spurting and  
convulsing nartronic  
Sludge, erupting from your mouth Squeaming  
cuntorting demonic vomit, flooding from your carcass  
Expulsion of puss and  
Cancerous posion in your body, your brain, your heart,  
Gangrenous vomit, sludge and spew of tumorous  
desease and infection  
And sickness of the cranium and cerebrum, disfunction  
and spasm and discharge of grot And muck and  
virisis of the brain, the  
Heart the body,seeps from your veins.
