Oh how your mind's not on it
Pass me a book and I'll read you a sonnet girl
Walls go up, and guards come down
He's banging on the door thinking
Where the [unverified] is she now

So open your mouth and stick to your guns
You've got to realize that she's indifferent
Wha-wha-what's your name?
Just one love, here we go again

So it has come to an end
Things haven't changed you
Are still looking rough my friend
Things get broke, things come clean
If you wanted to leave then
Why are you still here?

So open your mouth and stick to your guns
You've got to realize that she's indifferent
Wha-wha-what's your name?
Just one love, here we go again

So open your mouth and stick to your guns
You've got to realize that she's indifferent
Wha-wha-what's your name?
Just one love, here we go again
