

Vomitorial Corpulence "Cerebral Turbulency"

Your mind's set on things of the flesh, Chaotic
thoughta you need to address Unwanted brain rot clots
your head, From all
The garbage you've been fed Unstable is your mind,
Corrupt thoughts are all you'll find Mullignant cancer
kills your brain,
Festering abscess gives you pain Corrupt thoughta
make you insane, You've only got yourself to blame.
Cerebral Turbulency!
Don't conform to the pattern of the world But be
transformed by the renewing of your mind To be
carnally minded is death,
But to be spiritually minded is life Put your mind on
things above, Keep your eyes set on God Clean your
brain with God's
Word!
