"Possessed"

Gutted slaughtered skinned alive - flesh and blood in a
human pile
No remorse a killing spree - murder will set the mind
free

Falling deep into the dark
A morbid way to end a life
Suffocate inside a corpse
Possessed

Need the blood for suicide - a hunger never satisfied
Feasting on dismembered flesh - a morbid way of
death

Falling deep into the dark
A morbid way to end a life
Suffocate inside a corpse
Possessed

Entrails ripped and cast aside - remove remaining
body parts
Crawl inside the empty skin - force the flesh to fit within

Falling deep into the dark
A morbid way to end a life
Suffocate inside a corpse
Possessed
