

Vomitary "Ripe Cadavers"

Insanity's spawn addicted to flesh - aimlessly running
amok

A murderous mind craving for death - feeding the
sickening needs

Slashing throats with no precision
No mercy shown

Drizzling and groaning
Perverted, ecstatic
Revel in septic remains

Stabbing the neck, blood gushing out
Delightedly sucking the wound
Spattered with blood, machete in hand - randomly
severing heads

Crypt of torment, hellish haven - butchered human
collection
Headless torsos stuck on poles - bloated bodies to
explode
Fountains of pus, nauseous malodour - corpses
dislimbed, lay in disarray

Cannibalistic terror, seek out and maim - perversity
incarnated, a creature of hate

Puncture the head, rip out the spine - dismember the
lifeless flesh
Playing with eyeballs, cuddling with bowels - deranged
to the utter degree

The hunger so unbearable - need to feed

Drizzling and groaning
Perverted, ecstatic
Return to the crypt to feast upon the
Ripe cadavers
