Dreams for perfect descendants  
Giving role models for imitation of boring lives  
No room for creativity  
Forced acceptance below parents eyes

Acceptation - an adult ord for mass slavery  
Expectations - no humanity left in those beings

Activity under parental advisory  
For fathersglories, for mothers prides  
Hobbies teach how to live a life  
In this rotting society of our time

Acceptation - an adult ord for mass slavery  
Expectations - no humanity left in those beings

Inclination to artistical nature  
Suppressed by general views of social behaviour

Tendency for original ways of lives  
Destroyed as an unbelieving deceiver
