Here I am, once again, I'm the liquid stranger inside
your head, dead,
Are the ment when the liquids fed, all up in the sun,
sun,
When life has just begun, and now were living it for the
world to keep on having fun.
I have stayed away from the LSD for way too long to
realize
That shits isn't good for me. posing this pose and
walking this walk with a mug,
Giving it up, this is my anthem to drugs.

Be kind now walking alone
Be kind to my motherfuckin microphone
Be kind now walking those streets
Be kind to all of the pretty people that you meet.

Dank are the nuggets that we smoke for free
Dank as we lie in the ecstasy
Dank as we thirst for the mushroom tea
Diggity-dank with the nugget at the party

Now I am what I am nothing changing the world in
which we live in,
Trying to find the pride I find inside my head, were
living it up again,
For looking at the world and then we correspond to
comprehend, living it up,
Giving it up, trying to find the ones who drinking from
the cup,
Shut the fuck up I said to you, tell mem what you want
to do,
The LSD will make all of your dreams come true.

Be kind now walking alone
Be kind to my motherfuckin microphone
Be kind now walking those streets
Be kind to all of the pretty people that you meet.

Dank are the nuggets that we smoke for free
Dank as we lie in the ecstasy
Dank as we thirst for the mushroom tea

Diggity-dank with the nugget at the party.
