Tell me what you'd think if I was saying goodbye?
A life alone instead but I'm too old to cry
Hey now, should I get up and run away
Somehow, I'll make it through another day
It's not too late to start my life, again
I hate how you think we could drift apart
Somehow, you lost your way into my heart
And I know my life won't be the same again, same
again
Could you just
Tell me what you'd think if I was saying goodbye?
A life alone instead but I'm too old to cry
Alone instead but I'm too old to cry
Ohh...
Just step back
If I decide to runaway will I ever know I should have
stayed?
Is it too late to start my life again?
Hey now, if people see us drift apart
Who knows where to end and how it starts
I know my life won't be the same again, same again
Could you just
Tell me what you'd think if I was saying goodbye?
A life alone instead but I'm too old to cry
Alone instead but I'm too old to cry
Oh...
Woah oh, Woah oh
Isn't it like you to turn your back on everything we had
Woah oh, woah oh
There is no void in reasoning
Woah...
Isn't it like you to turn your back on everything we had
Woah oh, oh
There is no void in reasoning
Reasoning
Could you just
Tell me what you'd think if I was saying goodbye?
A life alone instead but...
Tell me what you'd think if I was saying goodbye?
A life alone instead but I'm too old cry
Tell me, tell me...
Woah oh, Woah oh

Isn't it like you, isn't it like you
To not like me, to not like me, to not like me, to not like
me!
You think you know something about me everything
about me's different now
Everything about me's different now
