Dependence constitutes
A lifetime history of substance abuse
And so that contributes to the fact
That life is to be continued

So, here I am
Say goodbye my friend
And all this time I find that I'm still misdirected
Alive again

Say hello, my friend
And I'll find in time
This life's to be use as directed
Use as directed, use as directed

It's easy to blame me
It's been told that misery loves company
So, hear me seriously
It's lovely I could drown here in your apathy

So, here I am
Say goodbye my friend
And all this time I find that I'm still misdirected
Alive again

Say hello, my friend
And I'll find in time
This life's to be use as directed
Use as directed, use as directed

Alive again
Say hello, my friend
And I'll find the time
It's nice to be use as directed

And I'm still tryin to figure it out
And I'm still tryin to find my way out
And I'm still tryin to figure it out
Day by day, day by day

It's the way you forget
All the time that we spent

Waiting patiently
But times all that you get

So, here I am
Say goodbye my friend
And all this time I find that I'm still misdirected
Alive again

Say hello, my friend
And I'll find in time
This life's to be
Use as directed
