As. You. You look at the life you're living and you fall
down and CRY
And you look at the cards you're given and you don't,
don't know WHY
GET UP, STAND UP, and tell them to their face
I look at the life I'm living now, and I make NO
MISTAKES

Confidence beyond compare
And I'm not scared
I've come prepared
In the end

Without a doubt
You might try to shut me out
In turn I try to learn to apply
Without a doubt
You'll find what it's all about
Is life worth living?
Without a doubt

No matter how hard you TRY to justIFY
Just how the LAWS of NATURE APPLY
You'll be given LIFE ON A PLATE, but still I cannot
RELATE
If I was you, I'd RATHER JUST DIE

Well, as you look at the life you're living and you fall
down and cry and
You look at the cards you're given and you don't know
why
You try to get up, stand up, and tell them to their face
I look at the life I'm living now, and I make no mistakes

Without a doubt
You might try to shut me out
In turn I try to learn to apply
Without a doubt
You'll find what it's all about
Is life worth living?
Without a doubt

Yeah, a prisoner in my skin
Yeah, I'm never fitting in

Without a doubt
You might try to shut me out
In turn I try to learn to apply
Without a doubt
You'll find what it's all about
Is life worth living?
Am I still breathing?
Without a doubt...
Without a doubt...
Without a doubt...

Without a doubt
Is life worth living?
Am I still breathing?
Without a doubt
