And it shall come to pass
That what men made shall be broken
Pray for your life
Weep for your salvation

Pray for your life
Weep for your salvation

The prophecies are unleashed
Fate is now in our hands

The prophecies are unleashed
Fate is now in our hands

Burnt flesh - litters the land
All pain - caused by our own hands
Scorched earth - black till the end
Time stops - nothing forever stands

Stands - nothing forever
Hands - reaching for life, this is the
End - all time stops, human
Decay - ash will be ash, and dust we are dust

The end of all time
We fight the war
To save the earth

It's the end of all time
From high
Torrents of burning rain, scar the earth
The human race, is cast in to oblivion,
Oblivion,
OBLIVION

Through skies of dust falls acid rain
Mushroom clouds dot the horizon
Bear witness to the end of everything
It's the end of our earth

Pray for your life
The end is coming soon

From high the birds with crimson feathers
Fall
Bringing forth the Armageddon

But I'm alive
I've seen the end
A plague upon all mankind

But I'm alive
I've seen the fires
The human race was cast into oblivion, oblivion

The human race was cast into

Oblivion, oblivion, oblivion, oblivion
Your world is consumed by flames
