This is so hard for me  
I don't know where to begin  
I need to be set free  
No, I just can't let you win

To hurt you or make you angry  
You know I'd never do  
But what you deserve is my whole heart  
I can't give that to you

Please tell me how much is it gonna take  
To bring the peace, to soothe the pain?  
If we trust the heart will it find its way to wisdom  
Or just a fool's mistake?

Bye, bye, my heart's gonna find its soul  
Heart break from love that always slips away  
What brings a change of heart? Is my heart really  
mine?  
Does it beat just to take me over? Can it be satisfied?

My heart is first to love  
And first to throw love away  
My mind tries to explain  
To make some sense of heart's ways

My mind poses with the question  
Can heart be blame to tame?  
Heart grins and says can bring it on  
You'll never make me change

Please tell me how much is it gonna take  
To bring the peace, to soothe the pain?  
If we trust the heart will it find its way to wisdom  
Or just a fool's mistake?

Bye, bye, my heart's gonna find its soul  
Heart break from love that always slips away  
What brings a change of heart? Is my heart really  
mine?  
Does it beat just to take me over? Can it be satisfied?

Come take my heart, come take my soul  
Come give me peace, give me love, give me hope  
Come fill my heart, come fill my soul  
Come bring me peace, give me life, make me whole,  
who-whole

Bye, bye, my heart's gonna find its soul  
Heart break from love that always slips away  
Bye, bye, my heart's gonna find its soul  
Heart break from love that always slips away  
No more heart break, yeah
