Give it to me, give me a sign
Give me something real I can't deny
Feelin' asleep, buried alive
Give me something real, bring me to life

Just can't seem to find it on the left
Just can't seem to find it on the right side
I'm just left right here now in the middle
Feeling a need, yeah

Give it to me, give me a sign
Give me something real I can't deny
Feelin' asleep, buried alive
Give me something real, bring me to life

I ain't gonna set for somethin' less
I'm done with collecting days of regret
If you've got to give or take away
Come bring it to me

Give it to me, give me a sign
Give me something real I can't deny
Feelin' asleep, buried alive
Give me something real, bring me to life

This is the end of me
This is the end of me

Give it to me, give me a sign
Give me something real I can't deny
Feelin' asleep, buried alive
Give me something real, bring me to life

Give it to me, give me a sign
Give me something real I can't deny
Feelin' asleep, buried alive
Give me something real, bring me to life
Give it to me
