(Verse)

I've been here before  
I can't take no more  
Living for myself  
It's a living hell

(Verse)

I am on my knees  
Sick and tired of me  
Come and take away  
All of my mistakes

(Pre-Chorus)

Take my heart Lord,  
Come and rescue me

(Chorus) x2

I know I wanna love You more  
Than I ever have before  
I need You now  
Will You lift me up?

(Verse)

I know this for sure  
You will not let go  
Even when I hide  
You're still by my side

(Verse)

You bought all my wrongs  
Your love is my song  
It goes on and on  
Forever

(Pre-Chorus)

Take my heart Lord,  
Come and rescue me

(Chorus) x2

I know I wanna love You more  
Than I ever have before

I need You now  
Will You lift me up?

(Bridge) x2  
Lift me up, lift me up  
To the sky  
I need you, oh I need you

I know I wanna love You more  
Than I ever have before  
I need You now

(Chorus) x2  
I know I wanna love You more  
Than I ever have before  
I need You now  
Will You lift me up?
