Yeah, this ain't how it was supposed to be
Another dark cloud fallin' down over me
How could You just leave me scared here out on my
own
Lord, please don't fail me now, I've got nowhere left to
go

When the world's crashing down
And time and luck have all run out
Well, come what may
You're still gonna hear me say

I'm not finished with You
I'm not finished with You, not even close
I'm not finished with You
I'm not finished with You

You think You got me where You want me to be
Here with my hands tied petrified, can hardly breathe
Well, hear me, you got the battle but I'm winnin' the war
Yeah, You can knock me flat out, how'd You know if I'd
ever stay down?

When the world's crashing down
And time and luck have all run out
Well, come what may
You're still gonna hear me say

I'm not finished with You
I'm not finished with You, not even close
I'm not finished with You, yeah
I'm not finished with You

I'm not finished with You
I'm not finished with You, not even close
I'm not finished with You, Lord
I'm not finished with You, yeah

I'm not finished with You
I'm not finished with You
I'm not finished with You
I'm not finished with You

I'm not finished with You
