In this world where wrong is right

There's a force you can't deny

It's the power of the Holy One

The time has come to put your armor on

Straight ahead singing victory's song

It's a song that all the soldiers sing

RADICAL! All I want to be!

RADICAL! Jesus and me!

RADICAL for the King!

I was once just dead in a pew

I was a weak defeated excuse

Till the Spirit changed my attitude

You see, many are called but the chosen are few

So join the ranks of the righteous crew

To sing the song all the soldiers sing
