"The Eleventh Meridian"

Another time, another place
Cast into a foreign space
Being more than I have been
Not the way they wanted me
I feel the dreams of eternity fading away
Blinded by rays of the sun
In the breaking of day
Cast into oblivion
Cast from this machine
Cast into meridians tangled in the sea
Und ob nun Schatten oder Licht
All die Jahre war das nichts
Und wie Lebenden sich qu?len
Wenn sie ihren Traum erz?hlen
