Swimming in you, I'm drowning
So what's the use of wanting you to stay?
All these doses of you are killing me slowly
Down on my knees, I'm hoping
It's never enough to cure the sick inside
All these doses of you are killing me slowly

(Chorus)

Don't you take away what you mean to me
I'm sorry, it's over
Don't you take away what you mean to me
I'm sorry, it's over

Inside of you, I'm sinking
So what's the use of wanting you to stay?
All these doses of you are killing me slowly
Back on my feet, I'm hoping
It was never enough to cure the sick inside
All these doses of you are killing me slowly

(Chorus)

Don't you take away what you mean to me
I'm sorry, it's over
Don't you take away what you mean to me
I'm sorry, it's over

I'm sorry...

I'm sorry...

(Chorus)

Don't you take away what you mean to me
I'm sorry, it's over
Don't you take away what you mean to me
I'm sorry, it's over
