Whenever she smiles back at me  
The way she would before  
I'd give anything if only it could be  
The way it was before

The feelings are taking over me  
Like who else am I supposed to be with you  
'Cause I'm all alone

(Chorus)  
Say hello, say goodbye, and walk away  
And leave this all behind  
Say hello, say goodbye, and walk away  
And leave this all behind

I'm reluctant to be here now  
The way it was before  
I'm beginning to see her smile  
The way she would before

The feelings are taking over me  
Like who else am I supposed to be with you  
'Cause I'm all alone

(Chorus)  
Say hello, say goodbye, and walk away  
And leave this all behind  
Say hello, say goodbye, and walk away  
And leave this all behind

The feelings are taking over me  
Like who else am I supposed to be with you  
'Cause I'm all alone

(Bridge)  
Lucky to see another day  
What else am I supposed to say to you  
And it still be the truth?

(Chorus)  
Say hello, say goodbye, and walk away  
And leave this all behind

Say hello, say goodbye, and walk away  
And leave this all behind
