There is no else around the road is quiet the only  
sound is wind that  
Sounds Like cars that sound like breathing  
The desert air is high and dry two lanes weaving earth  
and sky  
The stars are all that's keeping till morning  
And I turn and look beside me and your sleeping like a  
baby and  
You haven't heard a word that I've been saying

And the way you look tonight fast asleep in the  
dashboard light  
Well I can't speak that's how I feel

Open your eyes look at me look at me, look at me  
Open your eyes and look at me  
'Cos I have and hold this love for you  
Before this ten year night is through  
I'm telling you  
Take it from me  
Take it from me

Were ten years older I know we are than the night we  
met  
In that downtown bar you thought I was some kind of  
star  
That's what you said  
I felt your skin felt the heat as you pulled me out into  
the street  
And you kissed me there till I was weak 'cos I asked you  
too  
Later on on the kitchen floor two flights above the  
grocery store  
I felt things I Never felt before and I still do

Open your eyes look at me look at me, look at me  
Open your eyes and look at me  
'Cos I have all this love for you before this ten year  
night is through  
I'm telling you  
Take it from me

Take it from me

Going eighty on the highway were all rushing  
somewhere  
But the way I feel tonight it's like I'm already there

Open your eyes look at me look at me, look at me  
Open your eyes and look at me  
'Cos I have all this love for you before this ten year  
night is through  
I'm telling you  
Take it from me  
Take it from me  
Take it from me  
Take it from me
