Is there any wonder why I'm shining tonight  
Is there any wonder why I speed like motorbikes  
Is there any wonder how you make me feel alright  
Is there any wonder why my energy's so bright

You know it ain't easy  
You know it's so hard when love comes

I try to deny when my surface butterflies  
And I try to resist when you say that it's alright  
And I try to believe that it's nothing but a crush  
But it's incredible, so incredible  
I'm travelling like the light

Light, light, light, light  
Light, light, light, light

Is there any wonder why you give me little chills  
Is there any wonder why this feels sincere and brill  
Is there any wonder why I'm running through the night  
Is there any wonder why thsi feeling gives me frights

You know it ain't easy  
You know it's so hard when love comes

I try to deny when my surface butterflies  
And I try to resist when you say that it's alright  
And I try to believe that it's nothing but a crush  
But it's incredible, so incredible  
I'm travelling like the light

Light, light, light, light  
Travelling like the light  
Light, light, light, light

It's so complicated how your feelings can get you  
And your heart wants to just run away  
It's so, confusing and so frustrating when you love  
And you don't want to give it up, no

I try to deny when my surface butterflies  
And I try to resist when you say that it's alright

And I try to believe that it's nothing but a crush  
But it's incredible, so incredible  
I'm travelling like the light
