Worth worth about a milly  
I can't stop

I can't stop  
Getting money I stuck that high  
... you know but I'm still that guy  
... nigga you like me you lie  
Rolling up with your wife inside  
... up and I'm mixing mixing life... I'm twisted twisted  
Foe foe I'm trippin... I'm drippin  
Fast cars and fast women...  
In that... just she got...  
Still... still knockin at tv3  
Still making up different styles, still... different child  
In the back of the car my... roll  
Where... like jessy... nigga always scream like...  
Seem... all start like... sticking money I stuck that high  
Haters I'm stuck that guy rollin up with your wife inside  
Rollin up with your wife inside  
Don't be surprised  
Maejor maejor

Worth about a milly...  
If you if you feel me...  
Worth worth about a milly  
... what what a.  
If you if you feel me...  
Worth worth about a milly

Worth... your baby... soul
