[Verse 1]

Yeah

See, breaking up is hard, to move along it's even harder

It's over she got colder, now can't locate where her heart is

And I'm just being honest, since we not even talking
My mind won't let you go

Shit, even consider stalking (nah)

You know I be teasing tho

You know that my ego won't

Thought this was forever love

Guess that was just seasonal

She got back with her old boy

She probably had a reason though

Although thought that we would grow

Guess that wasn't feasible

But we ain't gotta be beefing though

I missed you at my recent show

I speak to CJ often and

Sometimes I just wanna speak you up

Yeah, hit you up, or call you up, or send a text

Your new man got my respect

So if I do call it's just a check

Heard that you alright though

My nigga for life though

It's funny how this life go

We love for a while then a light goes

Took me a while just to write those

Pride i had a fight so I'mma stop right here

And I know you don't care

But I hope you got that bite boo

(Verse 2)

Yeah, tell me about the love of ours

Contemplate I wrote about her

We no longer close enough

That's why she ignore my flowers

And my calls and my texts

spending her time wit him I guess

I regret some sh-t I did

But darling is yall intimate

Who was better? I know I was
Don't you lie, don't blow my buzz
You ask me who I'm stroking now
I say that the pool was closed
Can we stay broken up?
And all these pages close em up
I hope we both do learn from this
So my next don't don't gotta be so rough
Gotta get better with time
Relationships should never rewind
Better leave it all behind
Guess that means you can never be mine
Well ummm there's a but
Without your love it's cold as fuck
Life is a movie we both say cut
But most the time darling the sequel sucks.
