[Hook]

Hold me tight, let me go  
In my heart, in my soul  
Let em go, break me down  
Hate me small, make me fall  
Give me love, take it all away  
Give me love, take it all away

Yea, ain't no love in the heart of city, that's what they  
told me  
Beefing over 100 niggas, don't none of em know me  
Son of a mother studying everything I see  
Sitting in taxi cabs, where daddy roaming the streets  
Seven hallelujahs, my sutana was clean  
On everything I wear are the American tees  
Listen when you get the keys  
Make a nigga wanna get the piece to get the peace  
You gonn need more than Wikipedia to get to me  
PG to Mo County bet they all know bout me  
Every hood, every 'burb, I got superb balance  
From the city that made me love you forever for it  
Hope you celebrate every moment forever  
You made me what I am, you made me what I am not  
They gon' love you a little different when you at the top

Give me love baby  
Not enough, not enough, just a touch baby  
What the fuck baby, it's just us baby  
This ain't right, this is life  
This is love hate thing  
Give me love baby  
Not enough, not enough, just a touch baby  
What the fuck baby, it's just us baby  
This ain't right, this is life  
This is love hate thing

[Hook]

Hold me tight, let me go  
In my heart, in my soul  
Let em go, break me down  
Hate me small, make me fall

Give me love, take it all away  
Give me love, take it all away

Yeah, my infinity grows as the city gets cold  
As you reaching your goals, you gonna meet you some  
folds  
Having dinner I'm dreaming to own  
But for now me and my homies  
I'm trying to redefine the culture, and a bigger soul  
Women in town but I manifesting every goal  
I see potential in John, talk to him once a week  
I lost a lot of friends, and they ain't even dead  
When I was on my way up when why you ain't see the  
stairs  
Lord father if I opted to follow them  
My heart would tear from my dreams let me know that  
you here  
And it's rare when I'm anywhere with too many heads  
Niggas jealous and never tell it until  
How could you blame us envy  
We do the same thing for a living  
Champagne I'ma spill it until we fill up  
Maybe it stopped me from giving a fuck about opinions  
Probably not but I'm temporary out of psychax  
And tell the postally propaganda to politicians

[Hook]  
Hold me tight, let me go  
In my heart, in my soul  
Let em go, break me down  
Hate me small, make me fall  
Give me love, take it all away  
Give me love, take it all away.
