[intro: wale]

it's important to go right into the booth after the  
argument  
i think it's only right, hoarse and everything  
like fuck it though, what's up

[verse 1: wale]

pessimism is all that she know  
cause every brother she go with always pick up and go  
i been trying to show you somethin, got a different  
approach  
told her, "give me your heart; try to get you the globe"  
have the world baby girl, live it up, you deserve it  
every time she catch feelings she go throw away the  
gloves  
we go together / break up  
we go together / break up  
ain't this an insecure bitch, meanin we love to make up  
when we good, we good shawty  
we don't ever make love  
but if i call out your name, i bet your ready to "uh!"  
you say you ready, you ain't ready enough  
cause when it fall right in your lap, you be ready to get  
up  
this is her, this is it, this is sabotage love, counterfeit  
she the shit, she the one  
she got cold feet, my love will be the sun, get it done  
this is her, this is it, this is sabotage love, counterfeit  
she the shit, she the one  
she got cold feet, my love will be the sun, get it done

[bridge: lloyd]

cause i, am feeling this deep down in my heart  
i'm feeling like i never want to be apart  
but just when it gets good, she's gone  
and i'm left right back at start..

[hook: lloyd]

my girl likes to sabotage, our love yeah  
she can only take so much more than her heart got  
she can only live for the moment  
why? i'll never know it

guess i'll meet her right back at start

[verse 2: wale]

let's roll a j and pretend we in love  
i've got a paper plane, it's propelling my buzz  
i'm trying to make a way, she never call back  
she's tryna fall back, cuz she say i'm all that  
she only love me when i be ignoring  
when i be doing throwin it on her, shorty brushing me  
off  
i swear, i kinda feel like she's slightly bizarre  
sabotage all the time, have me avatar'd  
blue ball, who fault? mine, only cause i stick around  
she leave before the sun up, leave you something to  
think about  
yea and this is something to think about  
why people want you single every time that you got a  
spouse  
ha, that make it hard to be faithful  
knowing i can go wherever and get 8 more  
ten more depending on where wale going  
fuck it i got a few more now that my hair long  
it's weird shawty, your wares showing me dead wrong  
you gon' miss a good thing and now bitter alone  
shit ain't better alone  
i get her once i bet you keep coming back for more  
keep coming back for more, keep coming back for  
more  
keep coming back for more, keep coming back for

[hook]

[verse 3: wale]

this is her, this is it  
this is sabotage love, counterfeit  
she the shit, she the one  
she need now, she ain't never needed love  
gotta go, let her leave  
this is something that could never ever be  
said her hearts, in a cage  
cuz if you never love, you can never hate  
marinate

[bridge: lloyd]

sabotage, sabotage, i love you  
sabotage, sabotage, i love you  
sabotage, i love how you keep coming back for more  
keep coming back for more  
keep coming back for more

[hook] x2
