"The Break Up Song"

[Verse 1]

Yeah

See, breaking up it's hard to move along it's even harder

It's over she got colder now can't locate where her heart is

And I'm just being honest, since we not even talking

My mind won't let you go

She even consider stalking I

You know I be teasin' no

You know that my ego won't

Thought this was forever love

Guess I was a season no

She got back with her old boy

She's probably had a reason though

Although thought that we would grow

Guess I wasn't feasible

But we ain't gonna be beefin though

I miss you at my recent show

I speak to CJ Often and

Sometimes I just wanna speak you up

Yeah, hit you up, or call you up, or send a text

Your new man got my respect

So if I do call it's just a check

Heard that you alright though

My nigga for life though

It's finally had this life go

We love for a while then a light goes

Took me a while just to write those

Pride had a fight so I'mma stop right here

And I know you don't care

But I hope you got that bite boo

[Verse 2]

Yea tell me bout the love of ours

Contemplate I wrote about it

We no longer close or nuttin

That's why she ignore my flowers

And my call and my text

Spendin her time wit him I guess

I regret some shit I did
But darling is yall intimate
Who was better I know I was
Don't you lie don't blow my buzz
You ask me who I'm strokin now
I said that the pool was closed
Can we stay broken up
And all these pages close em up
I hope we both do learn from this
So my next don't don't gotta be so rough
Gotta get better wit time
Relationships should never rewind
Better leave it all behind
Guess that means you'll never be mine
Well ummm there's a but
Without your love it's cold as fuck
Life is a movie we both say cut
But most the time darlin the sequel sucks.
