

W.A.L.E. "The Right One"

Visit "[The Right One](#)" on MotoLyrics.com

[Intro]

Whether it's your broad or your niggas
Just make sure you know what I'm sayin'
You always surround yourself by the right variety

[Hook]

Those niggas, yo niggas, hope them niggas real as
mine
Those niggas, yo niggas, hope them niggas real as
mine

[Verse 1: Wale]

And I walk light, like rolled ankles and don't save
em
A couple blunts got me buzzin' like multiple hit singles
Rose from out the pavement, assaulted by nature
Now these jokers hate me like I posterize a Laker
Ok Folarin ain't a house nigga
It's real in the field, ain't dealin' with you house
niggas
Fuck em all, fuck em all, they all ain't authentic
I'm givin' out a few bars, this shit a short sentence
Short and simple, be good with your people
Be greater with God, know the government lethal
I tend to be in tinted vehicles every few evenings
But even if my ceiling missing niggas still couldn't
see me
Ok you fuckin' with the right one
Not the type by your side soon as the light come
I'm talkin them who got it in when we ain't had
nothin'
Before I share cake with a snake, I treat myself to
crumbs

[Hook]

[Verse 2: Hit-Boy]

I watch niggas speak on niggas like this industry cold
So I'm bundled up for winter cuz this industry cold
Niggas want to walk in your shoes, but ain't got the
soul

Iâ€™m James Brown with a beat, got the feelinâ€™ Iâ€™m on
So here I stand cuz this money comes with amnesia
When you the man understand every fan needs ya
Stay out the way Diplo, cuz Iâ€™m mad decent
When your friends turn foe, angels amass demons
But still my halo low, ainâ€™t talkinâ€™ Anaheim
All this time that I sacrifice in the darker ??? tryna get
that light
Be a disappointment if I ainâ€™t get right
But with his annointment I be on that flight
Still findinâ€™ hoes that I can bone at night
I admit, I be on that hype
Thanking God Iâ€™m the lord of my own vices
Overcharged like the stores still ignore prices
Cuz in memories rear view I couldnâ€™t ball like this
I was the Bulls in â€™94, I was so mic-less

[Hook]
